Finance Report:

- All in agreement that the current financial reports are as detailed as needed for proper accounting.
- Currently there is enough finances to cover the work and materials that will be purchased this month.
- Bill will present the board with quotes to repair and add fencing to the perimeter of the property.

3-D:

- Mike is continuing to patch targets to be used on Monday shoots. The newer targets will be used for monthly 3-d shoots.
- Cancelling the Monday June 6th shoot for bad weather.
- Mike states we will not need any new 3-D targets for now, but we will keep a reserve for any items needed in the near future.

Work Parties:

- It is a continuous struggle to get people to participate in monthly work parties. We will consider any ideas for future work parties.
- Bill will be meeting with the county and appointed contractor hired to complete the dredging work. We will need to re-work shooting lanes to ensure the safety of workers and archers while dredging is going on.

Targets:

- All paper targets in good shape nothing needs to be purchased at this time.
- Bill motion to purchase new 900 target butts. We need 6 new targets which will cost \$3200.00 which includes shipping. – Ben second – passed.

Rules:

- Joe motions that anyone that comes late to the Sunday monthly 3-D will not be allowed to start shooting until the afternoon round. It is a safety issue to have archers cut

through shooting lanes to get to a target. The score will be based on a single round for prizes. – Lee second – Passed.

- Bill motion that the archers that choose to shoot on Saturday night will still be allowed to shoot for a reduced cost of \$5.00 but will not be eligible to enter their score for prizes. – Mike second – Passed.

Miscellaneous:

- Joe motions to charge \$5.00 for participating in the monthly 900 shoot to cover the cost of target butts, tripods, and paper targets - Tom second – Passed.
- Tom motions to adjourn- Mike second – Passed.

Bill adjourned meeting @ 1:40pm
